A.1) HRD-UGC Sponsored 10 days FDP on Advanced Pedagogy for Empowering Teachers under the auspices of Faculty Development center, (PMMMNMTT) UGC-Human HRD center, Savitiribai Phule Pune university

CETL Endured Empowerment of engineering college teachers from Maharashtra state even in Epidemic situation of corona!

CETL of AISSMS COE endured empowerment in epidemic situation of corona! Faculty Development Programme (FDP) on "Advanced Pedagogy for Empowering Teachers" was conducted in HRDC-UGC department of SPP University, Pune under the funding support of Pandit Madan Mohan Malwiya National Mission on Teachers and Teaching in association with AISSMS College of Engineering, Pune. This FDP was designed thoughtfully and innovatively by Dr. Mrs. Mangal Dhend on advanced pedagogy to train and empower engineering college teachers for implementing innovative, advanced pedagogy for their professional refinement and students enhanced learning. UGC-HRDC department of SPP university supported their endeavour financially and providing infrastructure. Inaugural function took place on 11th March in the presence of Dr. Ratnadeep Joshi, associate dean, quality assurance center of MIT, Dr. Sachin Surve, Coordinator of UGC-HRD center, Dr. D. S. Bormane, Principal of AISSMS College of engineering and chairman board of studies, E&T faculty of SPP University, Dr. Mrs. M. H. Dhend, Coordinator of FDP and center of excellence in teaching and learning, Dr. S. V. Chaitanya, Co-coordinator of FDP. This was the first of its own kind programme occurred for engineering college teachers in Maharashtra due to constant efforts of Dr. S.A. Sonawane, director of UGC-HRD center, SPP university and principal Dr. D.S. Bormane under the auspicious of Human resource development center of UGC. AISSMS College of engineering has launched Center of Excellence in Teaching & Learning (CETL) coordinated by Dr. Mrs. Mangal Dhend to execute in-house and collaborative training activities for the empowerment of technical teachers in their own college as well as for colleges in and around Pune University. Engineering college teachers from Sangali, Latur, Nashik, Aurangabad, and nearby Pune districts participated even in panic situation of Corona in Pune. Well known speakers form academic and industry provided exposure to faculty about paradigm shift in teaching learning process and guided them to adopt latest tools and techniques. Hands on training and demonstrations are given using art and craft for engaging students, to create dynamic, active and participative classroom learning, to increase learning outcome by infusing innovative technologies, learning management system, ICT integration, instructional methods, assessment, evaluation, attainment tools and techniques. This programme was planned for 10 days, however due to directives to close down for safety precautions endured in 3 days. Valedictory function was occurred on 13th March 2020.

Dr. Mrs. Mangal Dhend in her first session on "Designing Outcome Based Instruction Plan" focused need of transforming 'average teacher' to 'excellent teacher', from 'teacher' to 'facilitator' by transforming instruction environment, instruction methodology, instruction aids, instruction material, and outcome-based design. She explained how those transformations can happen by giving examples of her own techniques, through demonstrations and revising the other sessions conducted in the FDP by experts in the education area. In other sessions on "Inventory of Tools & Techniques for enhancing course outcome and learning outcome" she presented her own case studies of last few years. She highlighted the effectiveness of "Portfolio" assessment tool as mentioned in new NBA norms and presented how continuous assessment based on portfolio using rubrics can involve four dimensions of assessment as 'knowledge, skills, behaviors, values and attitude'. She also discussed effective ideas, hints, suggestions used by her on how to execute all

those latest tools, technology and techniques to fulfil the objectives of outcome-based education. She demonstrated use of some games like ‘share and pair,’ ‘Catch ups’, ‘Stump your partner’ and techniques of sticky notes, menti dot com, taking reflections through collaborative, experiential, cooperative learning, she is executing different types of games, cross words, role play, dam-sharas, and riddles in regular teaching through students activities. Her student’s creativity, self-learning and lifelong learning skills, knowledge, communications, behaviors, even values and attitude also get developed and assessed through various activities of tableau & case study presentations, video preparations, virtual lab demonstrations. She discussed how all those activities have to map with twelve programme outcome and use to increase quality of overall education

Activities Done by faculty In FDP

A.2) CETL's ISTE & IEI Sponsored National on-line one week FDP on Advanced Teaching Tools, Techniques and Methodologies for Outcome Based Education

National one-week online FDP on "Advanced Teaching Tools, Techniques and Methodologies for outcome-based Education" was organized by CETL of AISSMS College of Engineering from 1st June 2020 to 5th June 2020. On 1st June 2020 at 11:00 am FDP started with inaugural function. Dr. D S Bormane, Principal AISSMS College of Engineering, addressed participants by his encouraging words. Dr. Chandra Sekhar, HoD Civil Engineering, NIT, Warngal, Telangana was the Chief Guest and Speaker for first session. Dr. Chandra Sekhar provided deep understanding for designing graduate attributes, importance of communication skills. He also gave good insight on Vision Mission, Educational Objectives, Programme Outcomes, Course Objectives and Course Outcomes. Dr. Sharad Pradhan, Associate Professor, Mechanical Engineering, NITTTR Bhopal was the speaker for second session. Dr. Sharad Pradhan provided excellent coverage on Rubrics formation, Purpose of Rubrics, Elements of Rubrics to evaluate students. It was interactive session. Resource speaker for third session was Dr. Deepti Reddy, Associate Professor, SIES Graduate School, Mumbai University. Dr. Deepti Reddy gave insight on Novice Problem solving approach which includes step by step complex problem-solving approach. More than 550 participants all over India were present online for FDP. Dr. Mrs. Mangal Dhend, event coordinator and organizing team members organized this event under valuable guidance of Dr. D S Bormane, Principal AISSMS College of Engineering.

Dear Dr. Mrs. Mangal Dhend,

I would like to take this opportunity to express our heartfelt thanks to you for your leadership role in IUCEE (Indo Universal Collaboration for Engineering Education) during the period January to July 2020. Some details are given below.

1) Faculty Mentor and Coordinator for IUCEE-EWB India Student Leadership Course conducted starting February 2020. Phase 1 of this course consisted of 18 weekly webinars. 10 students from AISSMS College of Engineering participated in this course and successfully completed with Certification in July 2020. Dr. Mangal Dhend diligently guided the students throughout this course.

2) Member of a planning committee for the IUCEE Online Teaching Course starting in May 2020. She has attended a number of planning meetings and helped with the development of this course. She will be offering webinar/s as an instructor in this course as well assist with the evaluation of the participants of the course.

Specific dates for some of the above activities for which Dr. Mangal Dhend has contributed from May 2020 to July 2020 are given below:

Date	Session
26 May 2020	IUCEE EWB Student Leadership Course Final Team Presentations 2
24 June 2020	IUCEE's online teaching course session 1 on Ultra Concurrent Remote Labs
26 June 2020	IUCEE's online teaching course session 3 on How to do effective assessment during online teaching
26 June 2020	IUCEE's online teaching course session 4 on Creating randomized quiz questions from a question bank in CANVAS
29 June 2020	IUCEE's online teaching session 6 on Recording using Microsoft Power Point
30 June 2020	IUCEE's online teaching session 7 on Choosing right platform for Learning online
2 July 2020	IUCEE's online teaching session 8 on When and why to go live and a session on Microsoft Teams Thu July 2 at 7:00 pm IST

We appreciate your extended time involvement and support in contributing our programmes.

Best Wishes

Sub: Certificate of Appreciation for Assisting IUCEE in Teaching Student Leadership Course

Dear Prof. Mangal Hemant Dhend,

This is a certificate of appreciation for your dedicated work towards assisting IUCEE (Indo Universal Collaboration for Engineering Education) in teaching the IUCEE Student Leadership Course Spring 2020.

This course was offered online from February to July 2020 to students of IUCEE Consortium Institutions. Emphasis on developing 21st century skills: Innovation, Design thinking, Analytical thinking, Collaboration skills, Presentation skills and Leadership skills. Focus was on UN Sustainable Development Goals ending with a project.

250 students from 25 colleges participated in the course. These Colleges were required to assign faculty mentors for their students. Students were expected to submit individual and Team Assignments every week on Canvas after being guided by the expert global faculties in the fields of affordable housing, clean water, sustainable energy, waste management and education augmentation.

The student teams were mentored by volunteer faculties from IUCEE member colleges. **Thank you for being one of these volunteer faculty and mentoring several teams of students participating. You have devoted valuable time to assist in developing the leadership skills of future engineers in India.**
